PROFESSIONAL SUMMARY

Computer science graduate with hands-on experience designing, building, and deploying full-stack web applications using REST APIs, relational databases, and object-oriented languages. Proficient in SQL, Java, and Python; eager to apply these skills to Microsoft technologies including C#, .NET, and SQL Server. Proven ability to collaborate in team environments, translate requirements into working software, and adapt quickly to new tools and codebases. Excited to contribute to scalable, reliable software solutions while growing within a structured development team.

EDUCATION

Purdue University, West Lafayette, IN
Bachelor of Science in Computer Science
Stuyvesant High School, New York, NY

July 2023 – May 2026

September 2019 – June 2023

RELEVANT SKILLS

Communication: skilled in explaining difficult processes in a simple way; persistent, tactful, and friendly.

Technology: adapts quickly to new codebases and frameworks; experience with REST APIs, relational databases, and object-oriented development; actively building skills in C# and .NET.

Collaboration & Teamwork: experienced in working in teams; an effective team member and leader.

RELEVANT PROJECT EXPERIENCE

Full-Stack Developer — Gamified Task Management Platform

- Built a full-stack task management web application with gamified mechanics using REST APIs, Java (Spring Boot), Vue3, and SQL; contributed as both team member and technical lead, participating in code reviews and translating business requirements into working features.

LLM-Powered Mock Test Creation Webpage

- Designed and deployed a web application that generates custom mock exams from user-provided material using an external API, handling end-to-end development including back-end logic, database integration, and front-end interface; sole developer responsible for all documentation and deployment.

Field Intern — Shamsul Haque for Assembly (AD-30)

June 2026 – Present

30th Assembly District Campaign, New York State

- Conducted door-to-door canvassing, phone banking, and voter outreach across the assembly district, contributing to a team effort reaching 25,000+ voters.
- Engaged voters on campaign messaging, collected data, and recorded all voter interactions in campaign tools (VAN or similar).
- Recruited, trained, and mentored new volunteers; led canvass launches and field shifts as a field lead.
- Served as point of contact between field team and campaign leadership; coordinated assigned turf and ensured quality control of canvassing efforts.
- Tracked outreach metrics and field performance, demonstrating strong data management and organizational skills.
